Dear New Patient:

Thank you for choosing Kentucky Orthopaedic & Hand Surgeons. We appreciate the opportunity to provide your Orthopaedic care.

In order to make your first visit more relaxed, we have enclosed a patient registration form and some information describing our office, physicians and policies. Please complete the forms entirely and bring them with you to your appointment. Plan to arrive for this first appointment about thirty minutes before your scheduled time to allow for registration.

Patients under the age of 18 years of age must have parent/guardian present at time of visit(s).

Parking is available at no cost in the parking structure located to the right of the hospital. There is a pedway leading directly to our building located on the third floor of the parking structure. Parking is also available in the flat lot to the left of the hospital.

Please be sure to bring any records, x-rays or test results from any previous treatment for this condition. Please bring your insurance card and a valid driver's license as well.

We hope this information helps to make your visit go smoothly and without delay. Please let us know if you have any questions or suggestions about how to improve this process.

Sincerely,

Drs. Einbecker, Nicholls, DeGnore, Nicholls, and Staff
